PROFESSIONAL SUMMARY

Operations leader and client-facing professional with 6+ years across operations management, project coordination, client support, and automation. Managed a team of 30+ people and scaled monthly net sales from $40,000 to $200,000 through workflow redesign, KPI tracking, and tighter operational discipline. Served as the primary client contact on concurrent projects, keeping data accurate and deadlines met. Comfortable in Google Workspace, Excel, GoHighLevel, HubSpot, and Notion, and builds automations that take repetitive work off a team's plate.

KEY HIGHLIGHTS

- **30+ person team:** managed daily operations covering hiring, onboarding, training, and performance management.
- **$40K → $200K:** grew monthly net sales 5x as Operations Manager.
- **Primary client contact:** ran concurrent talent-sourcing projects end to end, consistently hitting delivery deadlines.
- **Workflow automation:** built ForgeAI, a system that finds leads, writes personalized emails, and manages follow-ups automatically.

PROFESSIONAL EXPERIENCE

Founder | DLVASolutions / ForgeAI *2024 – Present*

- Founded and run a development agency delivering websites, web applications, and automation systems for clients across e-commerce, hospitality, and services.
- Own the full client lifecycle: discovery and scoping, planning, delivery, and ongoing maintenance of live systems.
- Built ForgeAI, an automated outreach system that sources leads by city and business type, writes personalized emails, and manages follow-up sequences automatically.

Operations Manager | Pink Models Agency *2024 – 2025*

- Managed daily operations for a team of 30+, covering hiring, onboarding, training, and performance management.
- Scaled monthly net sales from $40,000 to $200,000 (5x growth) through workflow redesign, KPI tracking, and tighter operational discipline.
- Built internal systems and reporting processes that gave leadership clear visibility into performance metrics and bottlenecks.

Project Manager | Taskapp AI *2021 – 2024*

- Ran talent-sourcing projects end to end, from requirements gathering through final delivery.
- Designed and managed candidate pipelines and verification workflows, and coordinated multi-channel email outreach campaigns.
- Served as primary client contact, maintaining data accuracy and consistently hitting delivery deadlines across concurrent projects.

AI Client Solutions Manager | Adaya AI *2021 – 2023*

- Worked directly with business clients to design and deploy custom AI chatbots and virtual assistants.
- Built and structured knowledge bases, and validated that each deployment solved the client's actual operational problem.
- Managed client onboarding and provided ongoing technical support and iteration post-launch.

Customer Service Representative | Appointment Setting (freelance, various clients) *2020 – 2021*

- Handled high-volume inbound and outbound calls, booking appointments and resolving customer issues while maintaining detailed records.
- Developed the communication discipline and organizational habits that carried into later client-facing and leadership roles.

SELECTED WORK

RallyCam | *Court Recording & Booking Platform* rallycam.ph
Live with pickleball clubs in the Philippines. Players scan a QR sign to record a game and get their best rally by email minutes later. Covers venue onboarding, partner coordination, online payments, and the day-to-day running of a multi-venue service.

ForgeAI | *Outreach Automation* forgeaiagent.com
Finds leads by city and business type, writes personalized emails based on each prospect's website, sends them, and manages follow-ups automatically.

WhiteLabelAI | *AI Chatbot Platform*
Chatbot platform for agencies. Bots are trained on a business's PDFs, text, or website and deployed on websites or Facebook Messenger.
